

## Thornton Conservation Commission Minutes

Tuesday, September 3, 2013

Town Office Building

Stephen Shaughnessy called the meeting to order at 8:39 am, with Shelly Garber present, and Sally Davis was not present.

1. Shelly outlined his ideas for a school project specifically targeting the Town of Thornton. The first, is to identify flood plain zones, and those that have changed after hurricane Sandy and Irene. The second, is the potential of land for conservation easements. With the lack of a Natural Resource Inventory in hard copy in the Town of Thornton, Shelly would also be identifying wildlife, and recreation opportunities that would be a foundation for a new NRI. This project will be starting soon, this is an independent resource project for a master's degree. The public will be informed of the result after its completion. Shelly will meet with the Select Board to ask for more direction to the towns needs.

2. No new mail.

3. July and August meeting minutes were approved.

The meeting was adjourned at 9 am.

Stephen Shaughnessy, Secretary

Minutes approved at November meeting
