How to Register to Vote

Frequently Asked Questions

Who can register to vote?

New Hampshire residents who will be 18 years of age or older on the day of the next election, and United States citizen. There is no minimum period of time you are required to have lived in the state before being allowed to register. You may register as soon as you move into your new community.

Where and how do I register to vote?

You may apply to your town or city clerk's office. You will be required to fill out a standard voter registration form.

You may also register with your community's Supervisors of the Checklist. By law, the supervisors are required to meet on the Saturday 10 days prior to each election. Check the local newspaper(s) or call your clerk's office for the date and time of such meeting. If you live in a city, you may register with the Registrar of Voters at city hall.

Qualified individuals may register to vote at the polling place on election day at all elections.

No matter when or where you register to vote, you will be required to fill out a standard voter registration form, and you will be asked to show proof of identity, age, citizenship, and domicile. These qualifications may be established by signing affidavit(s).

Can I register absentee?

If you meet the state's requirements and qualifications and are unable to register in person because of physical disability, religious beliefs, military service, or because of temporary

absence, you may register by mail. You should request an absentee voter registration affidavit and a standard voter registration form from your town or city clerk. The absentee voter registration affidavit must be witnessed and then **both** the affidavit and the voter registration form are to be returned to your town or city clerk.

College Student Voting

New Hampshire election law provides college students with a special privilege when determining where they register to vote. A college student in New Hampshire may choose as his/her voting domicile, either the domicile he/she held before entering college or the domicile he/she has established while attending college. New Hampshire law provides the following definition of domicile:

An inhabitant's domicile for voting purposes is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government. A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.

Under no circumstances may college students retain two voting domiciles. Like any other citizen, college students have only one voting domicile and may only cast one vote in any election. A student of any institution may lawfully claim domicile for voting purposes in the New Hampshire town or city in which he or she lives while attending such institution of learning if such student's claim of domicile otherwise meets the requirements of the paragraph above.

The following is not legal advice and is meant only to provide you with information that may help you make an informed decision regarding where to vote. If you have questions, you are encouraged to consult with your parents, legal advisor or college officials. Changing your legal address may impact other things such as: health insurance, car insurance, taxes, grants/scholarships. Many legal interests, such as your in-state versus out-of-state tuition status is not affected by establishing your voting domicile in the municipality where you live while attending college.

If you have questions about the election laws, the complete laws are available at www.state.nh.us/sos/statutes.htm. Questions may also be directed to the Secretary of State's Office at 603-271-3242 or to your town/city supervisors of the checklist or clerk. If you believe your rights as a voter are being denied you may file a complaint with the Attorney General's Office by calling toll free 1-866-868-3703 (1-866-voter03).
