Board of Selectmen Public Hearing Minutes November 6, 2013

6:00 P.M. Chairman B. Benton opened the Thornton Board of Selectmen meeting with the Pledge of Allegiance.

ROLL CALL: Chairman Brad Benton, Vice-Chairman Roy Sabourn, Selectwoman Marianne Peabody Selectmen John Paul-Hilliard, and Selectman Steve Morton.

STAFF PRESENT: Tammie A. Beaulieu, Town Administrator

PUBLIC PRESENT: See attached sign-in sheet.

6:00 PM PUBLIC HEARING – POLE LICENSE ORDINANCE PUBLIC HEARING

Chairman Benton read the attached notice into the record for the Public Hearing as advertised in the Record Enterprise on October 3, 2013.

The board of selectmen reviewed a form for Petition-Pole for License of Utility Poles/Underground Conduit for utility companies to complete when installing new utility poles.

T. Beaulieu explained that legal counsel has advised the use of the forms to establish value for taxation purposes. This process will require the utility company to inform the town of other companies using the poles, which will assist the Town when establishing an assessed value of the poles.

T. Beaulieu informed the board that the utility companies with pole licenses on file have been officially noticed of the public hearing in accordance with the law.

Discussion on Page 2, Location Description, Item 2: R. Sabourn stated that most of the utility companies may not have licensed or certified engineers or surveyors to prepare the required line maps, which is allowed if the individuals performing the survey work are solely surveying for the utility company. R. Sabourn recommended removing the licensed land surveyor requirement. The board agreed to revise the wording to exclude the requirement of a certified professional.

T. Beaulieu confirmed that the Town Clerk keeps record of the Pole Petitions but that the Board of Selectmen is responsible for approval of the Permit and Pole Licensing. T. Beaulieu presented a draft of a resolution for the Board to review pursuant to RSA 231:163 and RSA 43:2.

S. Morton questioned the wording in paragraph 4 of the Resolution. After discussion and review of the RSA's the board requested that T. Beaulieu contact town counsel for wording clarification.

B. Benton opened the public hearing for public comments.

J. Demeritt asked how the Town will know if the utility company includes all of the users of the pole when completing the Pole Permit.

R. Sabourn replied that the utility company should be required to complete a new form to inform the town when another company uses the pole to be in compliance with state law.

MOTION: “To accept the resolution for the licensing of utility poles as presented during the public hearing and in accordance with the requirements of RSA 72:23 as written on the resolution:

In accordance with the requirements of RSA 72.23, I (b), this license is granted to the licensee(s) subject to the condition that the licensee(s) and any other entity using or occupying property of the municipality pursuant to this license shall be responsible for the payment of, and shall pay, all properly assessed real and personal property taxes no later than the due date. Failure of the licensee(s) to pay duly assessed personal and real property taxes when due shall be cause to terminate this lease.

In accordance with the requirements of RSA 72:23, I(b), the licensee(s) hereunder and any other entity using or occupying the property of the municipality pursuant to this license shall be responsible for the payment of, and shall pay, both current and potential real and personal property taxes when due. Furthermore, in accordance with the requirements of RSA 72:23, I, (b), the licensee(s) and any other entity using and/or occupying property of the municipality pursuant to this license shall be obligated to pay real and personal property taxes n structures or improvements assed by the licensee(s) or any other entity using or occupying the property of the licensor pursuant to this license.”

6:30 PM PUBLIC HEARING – HAWKERS & PEDDLERS ORDINANCE

Chairman Benton read the attached notice into the record for the Public Hearing as advertised in the Record Enterprise on October 3, 2013.

Chief Moller explained the ordinance and confirmed that the Town prosecutor has reviewed the ordinance. People that would not be exempt from the ordinance include door to door sales people selling products or services for profit they would need to apply for a license.

B. Benton asked if Schwan’s would need a license to provide products. Chief Moller confirmed that if Schwan’s is delivery to a customer, they would not require a license, however if they were soliciting their products door to door, they would need a license.

The board reviewed the ordinance and fees associated. J. Paul-Hilliard asked if the recommended \$50 fee is related to the administrative costs. Chief Moller compared the fee to other towns and took into consideration the administrative time involved to process the applications and is agreeable to whatever cost the board agrees is reasonable. After discussion, the board agreed that the \$50 fee is appropriate.

S. Morton suggested that the wording of the ordinance, first line under additional information (p.2 of the Hawkers & Peddlers Application) be amended to state, "Your application may not be approved unless all of the following items are attached." Chief Moller and the Board agreed with this modification.

MOTION: "To adopt the Hawkers & Peddlers Ordinance and application with one amendment on p.2 of the Hawkers & Peddlers Application to state, "Your application may not be approved unless all of the following items are attached."

7:00 PM PUBLIC HEARING – THORNTON FEE SCHEDULE

Chairman Benton read the attached notice per RSA 41:9-a into the record for the Public Hearing as advertised in the Record Enterprise on October 3, 2013.

T. Beaulieu stated that in the past this process was done annually and now the fee schedule is only updated as needed. The board reviewed the proposed fee schedule changes.

The board discussed the Transfer Station fees. The board agreed that the Transfer Station pamphlet should include the fees charged.

T. Beaulieu explained that each time the Selectboard holds a fee schedule hearing, the departments have the opportunity to review fees charged for products/services. The board noticed that the Planning and Zoning Board fees have almost doubled.

R. Sabourn stated that the \$2.00 fee for an 11x17 black and white copy is too expensive.

The board reviewed the Police Department patrol/cruiser rates. Chief Moller stated that she is proposing the same rates as FEMA currently charges. Chief Moller and T. Beaulieu recommended including language on the fee schedule that states the Town will use the current FEMA rate for patrol/cruiser use along with the current date. The board agreed that the cruiser rate will automatically change to match the current FEMA rate in the future.

B. Benton opened the public hearing for public comment.

B. Benton asked how the detail rate would apply when the police department is hired for special events. Chief Moller explained that the applicant would not be charged for the use of the cruiser since the cruiser is only serving as a means of transportation rather than being used consistently for road construction details.

S. Morton stated he had previously questioned K. McGuire as to his consent with the fee schedule and has confirmed his approval of the change in fees. T. Beaulieu suggested allowing K. McGuire some time to see if the proposed fee changes are reasonable.

The Board agreed to recess the public hearing in case adjustments are needed.

MOTION: “To recess the public hearing in case adjustments are needed. The Public Hearing will be continued until November 13, 2013 at 2:00PM.”

Motion: S. Morton

Seconded: R. Sabourn

Discussion: The Board also asked that T. Beaulieu request additional information to explain the reasoning behind the increases in the Planning and Zoning Board fees.

Motion Passes: 5– Yes, 0 – No

Chairman Benton stepped down as Chairman for the two special event public hearings and joined the public.

S. Morton opened the meeting for comment from the public.

Chief Moller amended her requirement related to the Friday traffic detail, as it is not necessary for the Pemi-Bluegrass Festival and is only needed for the Boogie ‘n Blues Festival. She asked for it to be removed from the requirements. S. Morton removed the statement from the original document.

J. Demeritt asked if there was a traffic detail needed after the requirement was removed, would the police department be able to perform the detail. S. Morton agreed that the number of details is at the discretion of the Police Chief per RSA 105:9. S. Morton reviewed the requirements for the Thornton Police Department. Chief Moller stated that the requirement for radio communication was not upheld last year at the Festival; cellular phones were used as part of the emergency plan. Chief Moller stated that she is not comfortable with the use of cellular phones in place of radios. S. Morton restated that the use of radio communication is a requirement for this special event.

Tom Powers, Emergency Management Director wrote a letter referencing the application with no issues relating to the special event request.
