Concerned Citizen

The board reviewed a concern submitted from J. Downing. The board agreed that staff should follow up on the concern to acquire more information.

PHASE I - PD DEDUCTIONS/EXPENSES

Present: Chief Moller

T. Beaulieu stated that J. Demeritt had recommended that the board receive a contract from CCI for Phase II so that the board has some actual figures to consider.

T. Beaulieu explained that Chief Moller informed her that Phase I has some deductions and there are some additional expenses that would make the FOG system easier. Chief Moller explained that some of the electrical work does not have to be completed as previously planned, resulting in a deduction in cost. Moller explained that she is applying for a grant for an entry control system which will control access to different areas of the police station. This will enable them to allow access to emergency officials to certain areas of the station. Chief Moller stated that the estimation is about \$750 for

installation of the entry system wiring if installed before the walls are finished. The board agreed that it makes sense to have the wiring installed before the walls are finished. Chief Moller explained that there have been many deductions over the course of the project. The Board agreed that changes resulting in cost fluctuations need to be relayed in writing.

9:00 KELLY BOLDGER – PHASE I - PD DEDUCTIONS/EXPENSES, PHASE II CCI CONTRACT

Present: Kelly Boldger, Stuart Anderson

K. Boldger stated that the current contractor payout request is \$54,858, the project is about 47.5% complete, and \$98 below budget. He explained that the deductions have offset the add-ons.

R. Sabourn stated that the board would like on-going updates in writing on deductions and add-ons. K. Boldger agreed to provide a copy of the progress to date that includes the cost changes associated with the deductions and additions. T. Beaulieu explained that receiving a copy of changes is important so that she can keep her records current. This will allow Board members to be up to date if they are not present during the meeting.

The board discussed the plan for the generator. K. Boldger explained that he has spoken to Sabourn Electric regarding the generator work and electricians concerns have been addressed.

The board agreed that the wiring expense for the entry system should be expended from the Police Department budget. Chief Moller agreed.

Phase II – K. Boldger explained that the contractor is running behind due to a family illness and he is working to finalize the proposed Phase II contract by the end of this week. The board agreed that they will make their final vote on December 11, 2013 on whether to include this option on the warrant.
